

# NURSING BOARDS

## Big Picture for Nursing Boards

Big Picture Software has enabled the North Dakota Board of Nursing to make great strides in efficiency by moving many of our manual paper and support processes to the web. Applications, renewals, verifications, status report and discipline resource management, to name a few, have all been streamlined by implementing this software. The staff and I are extremely satisfied with the software and level of support we have received since implementation in 2005.

- Connie Kalanek, Executive Director,  
North Dakota State Board of Nursing
